

#	Date	Sections	Questions Received	FAA Responses
1	8/27/2009	FAA-E-3007 with Change 1, Page 10, paragraph 3.3.1.3.2.1	Page 10. Paragraph 3.3.1.3.2.1, line four reads "on the mounting base (see Figure 4) by means of threaded." Is this a threaded screw, bolt or rod?	The word fasteners were inadvertently omitted from the end of the statement.
2	8/27/2009	FAA-E-3007 with Change 1, Page 11, paragraph 3.3.1.3.4.2	Page 11, paragraph 3.3.1.3.4.2, lines three and four read "aluminum flange; these components are supplied separately and are not part of this PAPI specification. Does the Offeror supply only the mounting and alignment hardware (see Figure 4) and the FAA provide the legs IAW this paragraph? Will the legs be provided by the FAA for OCT?	Yes, the FAA will supply the legs plus the frangible coupling plus the flanges.
3	8/27/2009	LED PAPI SIR, Section C, Part I	Section C, Part I Description/Specifications/Work Statement contains eleven (11) paragraphs with "(OPTION)" listed at the end of the paragraph title. Should these be addressed in our Proposal?	Yes, the options should be addressed in the proposal.
4	8/27/2009	LED PAPI SIR	Who does the installation for production level LED PAPI Systems? Is it the Contractor? If so, do the LHAs with their mounting and alignment hardware attach to leg assemblies provided by the FAA?	The FAA does the installations. The FAA supplies the legs, frangible couplings and flanges.
5	8/27/2009	LED PAPI SIR, Section F, Page 8, Paragraph F.5.0	Section F, Part I, page 8, paragraph F.5.0 Place of Delivery. For budgeting purposes, will all destination locations be within the fifty (50) United States?	Expect all destinations to be to locations within the 50 States, District of Columbia, and the U.S. Territories. Anything other than this would require special shipping instructions and funding from the FAA.
6	8/27/2009	LED PAPI SIR, Section B, Page 4, CLIN 0022	Section B, Part I, page 4, CLIN 0022 calls for installation and maintenance of PAPI systems at Key Sites IAW paragraph C.3.6.4.5 Site Acceptance Test (SAT). Vero Beach, FL Airport is the only Key Site identified. Paragraph C.3.6.4.8.2 gives six (6) first article locations but identifies only one Key Site. Are there additional Key Sites?	No. Only one Key Site is planned.

7	8/27/2009	LED PAPI SIR, Section C, Part 1, page 28, paragraph C.3.6.4.8.3	Section C, Part 1, page 28, paragraph C.3.6.4.8.3 First Article System Refit. Will all six (6) first article systems need to be refit? Will there be any destructive testing?	We expect that the level of testing at all locations will not destroy the systems. Vendors should plan to retrofit all six First Article systems at their factories.
8	8/27/2009	LED PAPI SIR, Section C, Part I, Page 9, Paragraph C.3.2.2.2	Section C, Part I, page 9, paragraph C.3.2.2.2 Work Breakdown Structure (WBS) and Network Logic Schedule. Does the FAA have a reference for preparation of the Network Logic Schedule?	Yes, Microsoft Project is required.
9	8/27/2009	LED PAPI SIR, Section M, Part IV, Page 2, paragraph M.1.1	Section M, Part IV, page 2, paragraph M.1.1. Second paragraph, second sentence reads "The Government reserves the right not to award a contract depending on the quality of the proposals submitted and/or the availability of funds." Are funds available for this project?	Yes, funds are currently available for this project, after contract award for development and production. The FAA will not be liable for any costs associated with preparation of responses to this SIR and will not reimburse or otherwise pay equipment costs incurred by any party responding.
10	8/27/2009	LED PAPI OCT Test Plan	Page 4, paragraph 4.1.2. The last sentence reads: "At the discretion of the Test Director, other specification requirements not specifically called out in this section may be tested." What additional specification requirements not specifically called out in the OCT Test Plan will be required by the Test Director?	The LED PAPI Specification contains any and all requirements that may be tested at the discretion of the Test Director during OCT.
11	8/27/2009		Page 4, paragraph 4.2.2 Support Equipment. Who provides the support equipment that may be used during testing?	The FAA will provide the support equipment listed in the referenced paragraph for the purpose of conducting the OCT. Any special use test equipment necessary for operation or routine maintenance of the system under test should be provided by the manufacturer.

12	8/18/2009		<p>Production of Light Emitting Diode (LED) Precision Approach Path Indicator (PAPI) System under solicitation DTFAWA-09-R-00052 and was wondering if there is an incumbent associated with this program? If so, could you please provide the vendor name and period of performance?</p>	<p>Based on the technology (Light Emitting Diode) for the PAPI, the solicitation DTFAWA-09-R-00052 is for a new requirement. Therefore, there isn't an incumbent for this solicitation.</p>
13	8/21/2009		<p>Our company is a Private Limited Company in the United Kingdom. Please may you advise if this solicitation is restricted to companies within the United States of America only?</p>	<p>All requirements that are described in Solicitation DTFAWA-09-R-00052 for Production of LED Precision Approach Path Indicator (PAPI) must be met. The FAA has socio-economic goals that we are required to meet annually. Please refer to the abstract of the solicitation, second paragraph. It states, "This competitive SIR is a 100 percent set-aside for Small Business. In responding to this SIR, the offeror must certify as to its eligibility as a small business under the applicable North American Industry Classification (NAICS) code that follows. The NAICS code for this requirement is 335129, Other Lighting Equipment Manufacturing, with a small business size standard of 500".</p> <p>Additionally, Acquisition Management System Clause 3.6.1-1 Notice of Total Small Business Set Aside (July 1996) in Section I of the Screening Information Request (SIR) is another requirement set forth within the solicitation.</p>

				<p>It states, in part, under Paragraph (a): "A manufacturer or regular dealer submitting information and/or an offer in its own name agrees to furnish, in performing the contract, only end items manufactured or produced by small business concerns inside the United States, its territories and possessions, the Commonwealth of Puerto Rico, the Trust Territory of the Pacific Islands, or the District of Colombia..."</p> <p>The two identified requirements above will require your close scrutiny. In addition, all the specific requirements outlined within the SIR must also be met.</p>
